2009

AQUATERRA ENERGY LTD IS PROUD TO RECEIVE THE
QUEEN'S AWARD FOR ENTERPRISE :
INTERNATIONAL TRADE 2009

'This award is the proudest moment in our short history and a tribute not just to Aquaterra Energy but the inspiration and dedication of our staff, the quality of our suppliers and the trust of our customers.

Our aim is to become one of the world's leading dynamic offshore engineering companies and we believe our story is already a remarkable one.

Exports account for more than 90% of our income, we expect turnover to top £20m this year and we are working with over 50 customers in 17 countries worldwide.

We have developed and expanded our Norwich headquarters and now employ more than 60 full-time staff with whom we share this accolade. Not bad for a company which was launched less than four years ago with four staff!
