

Environmental Policy

In all aspects of its business Aquaterra Energy Ltd. is committed to protecting the environment from avoidable harm.

The Company fulfils this commitment by implementing the following measures wherever possible:

- Identification and compliance with statutes, legislative and any other requirements as a minimum.
- Prevention of environmental pollution, reduction of environmental risks and protecting the environment by appropriate proactive measures.
- Establishment of objectives, monitoring and review of environmental performance.
- Continuous environmental improvement where necessary.
- Effective communication and consultation on environmental matters within and out-with the Company.

Aquaterra Energy Ltd seek to improve our environmental impact through identifying our Environmental Aspects, quantifying their impact, providing a program of environmental objectives and targets performance aimed at improving.

Aquaterra Energy Ltd. is committed to bringing this Policy Statement to the attention of all employees, sub-contractors and other interested parties and to render the Policy Statement available to clients and the public on demand.

As the Managing Director of Aquaterra Energy Ltd, I accept ultimate responsibility for environmental performance within the Company and expect all Company employees to play their part in fulfilling the Environmental Policy.
